

UNITED STATES DEPARTMENT OF AGRICULTURE
FLOOD CONTROL COORDINATING COMMITTEE
Room 1219 South Building

10

May 7, 1937.

FIELD COORDINATING COMMITTEES

The following changes in committee assignments should be noted since the issuance of circular letter of February 23, 1937:

COMMITTEE 1

ADD: Delaware River, New York (Index 41)

COMMITTEE 2

DELETE: Delaware River, New York (Index 41)

Change in B.A.E. Representative:

Mr. T. D. Johnson, Bureau of Agricultural Economics,
Representative, 2623 South Building, Washington, D. C. in place of
Mr. Emil Rauchenstein.

COMMITTEE 3

Change to Committees 3-A and 3-B

COMMITTEE 3-A

Chairman - Regional Conservator, Soil Conservation Service,
Williamsport, Penn.

Members - Director, Northeastern Forest Experiment Station,
U. S. Forest Service, 335 Prospect St., New Haven, Conn.

Emil Rauchenstein, Bureau of Agricultural Economics,
Representative, 2623 South Building, Washington, D. C.

Watersheds: Same as old Committee 3 with following exceptions:
53 Lackawanna River, Penn., 46 Susquehanna River, New
York and Penn., and 51 Allegheny River and trib. Penn.

COMMITTEE 3-B

Chairman: Regional Conservator, Soil Conservation Service,
Williamsport, Penn.

Members: Director, Allegheny Forest Experiment Station,
U. S. Forest Service, Philadelphia, Pa.

Emil Rauchenstein, Bureau of Agricultural Economics,
Representative, 2623 South Building, Washington, D. C.

COMMITTEE 3-B (Continued)

<u>Index</u>	<u>Watershed</u>	<u>Engineer District</u>
53	Lackawanna River, Penn.	Richmond, Va. Sp. Bd.
46	Susquehanna River, New York & Penn.	Richmond, Va. Sp. Bd.
51	Allegheny River and trib. Penn.	3) Pittsburgh, Pa. Sp. Bd.

3) Susquehanna, mentioned with the Allegheny River in the Act is also mentioned separately (46). For this reason, the Susquehanna is omitted here.

COMMITTEE 5-B

Change to Committees 5-B and 5-C

COMMITTEE 5-B

Chairman - Director, Appalachian Forest Experiment Station, U. S. Forest Service, Federal Building, Asheville, N. C.

Members - Regional Conservator, Soil Conservation Service, Spartanburg, S.C.

H. H. Wooten, Bureau of Agricultural Economics Representative, 714 Arnstein Building, Knoxville, Tenn.

<u>Index</u>	<u>Watershed</u>	<u>Engineer District</u>
54	Potomac River and trib.	Washington, D. C.
63	James River, Virginia	Norfolk, Va.

COMMITTEE 5-C

Chairman - Director, Appalachian Forest Experiment Station, U. S. Forest Service, Federal Building, Asheville, N.C.

Members - Regional Conservator, Soil Conservation Service, Spartanburg, S.C.

W. A. Hartman, Bureau of Agricultural Economics Representative, Standard Clubs Building, 305 Montgomery St., Montgomery, Ala.

<u>Index</u>	<u>Watershed</u>	<u>Engineer District</u>
79	Cataco Cr. and branches, Morgon Co. Ala.	Nashville, Tenn.
81	Flint Creek and branches, Morgon County, Alabama	Nashville, Tenn.
80	Flint River, Alabama and Tenn.	Nashville, Tenn.
77	Paint Rock River, Alabama and Tenn.	Nashville, Tenn.

COMMITTEE 7-A

Change to Committees 7-A and 7-C

COMMITTEE 7-A

Chairman - Director of southern Forest Experiment Station,
United States Forest Service, 400 Union Bldg.,
837 Gravier Street, New Orleans, La.

Members - Regional Conservator, Soil Conservation Service,
Spartanburg, S. C.

W. A. Hartman, Bureau of Agricultural Economics
Representative, Standard Clubs Bldg., 305 Montgomery
Street, Montgomery, Ala.

<u>Index</u>	<u>Watershed</u>	<u>Engineer District</u>
69	Coosa R. & trib., Ga.	Mobile, Ala.
78	Coosa R. & trib., Ga. & Ala.	Mobile, Ala.

COMMITTEE 7-C

Chairman - Director of Southern Forest Experiment Station,
United States Forest Service, 400 Union Bldg.,
837 Gravier Street, New Orleans, La.

Members - Regional Conservator, Soil Conservation Service,
Spartanburg, S. C.

B. M. Gile, Bureau of Agricultural Economics
Representative, 7th & Main Streets, Little Rock,
Ark.

<u>Index</u>	<u>Watershed</u>	<u>Engineer District</u>
73	Pearl R., Miss.	Mobile, Ala.
11	Big Black R., Miss.	Vicksburg, Miss.

COMMITTEE 10-A

Change in Forest Service Member

ADD: Director of Rocky Mountain Forest Experiment Station,
United States Forest Service, Fort Collins, Colorado.

DELETE: Director of Southern Forest Experiment Station, United States
Forest Service, New Orleans, La.

COMMITTEE 12

Change to Committees 12-A and 12-B

COMMITTEE 12-A

Chairman - Regional Conservator, Soil Conservation Service,
Rapid City, South Dakota

Members - Director of Lake States Forest Experiment Station,
U. S. Forest Service, St. Paul, Minn.

T. E. Thorfinnson, Bureau of Agricultural Economics
Representative, Union Terminal Building, Lincoln, Nebraska

Brice McBride, Bureau of Biological Survey,
503 Chamber of Commerce Building, Salt Lake City, Utah

<u>Index</u>	<u>Watershed</u>	<u>Engineer District</u>
119	Souris River, North Dakota	St. Paul, Minn.

COMMITTEE 12-B

Chairman - Regional Conservator, Soil Conservation Service,
Rapid City, South Dakota.

Members - Director of Rocky Mountain Forest Experiment Station,
United States Forest Service, Fort Collins, Colorado.

Bryon Hunter, Bureau of Agricultural Economics Representative,
Washington, D. C.

<u>Index</u>	<u>Watershed</u>	<u>Engineer District</u>
137	Belle Fourche River and trib. Wyoming	Omaha, Nebraska

COMMITTEE 17-A

Change in B.A.E. Representative:

ADD: Eshry Shevky, Bureau of Agricultural Economics Representative,
c/o Soil Conservation Service, Albuquerque, New Mexico.

DELETE: N. W. Johnson, Bureau of Agricultural Economics,
University of Montana, Bozeman, Montana.

COMMITTEE 18

ADD NEW MEMBER: W. W. McLaughlin, Bureau of Agricultural Engineering,
Post Office Building, Berkeley, California.

COMMITTEE 20

ADD NEW MEMBER: W. W. McLaughlin, Bureau of Agricultural Engineering,
Post Office Building, Berkeley, California.

A. C. Ringland

UNITED STATES DEPARTMENT OF AGRICULTURE
FLOOD CONTROL COORDINATING COMMITTEE
Washington

May 27, 1937.

MEMORANDUM TO FIELD COORDINATING COMMITTEES

(Through Liaison, B&E, FS, and SCS)

Subject: Area Figures of Drainages Authorized for Preliminary Surveys, by Public 738.

1. On April 15, tables of areas of the various drainages to be covered by preliminary examinations were mailed to the respective committees in the field. These tables were compiled during January and early February of this year from published sources of recent date insofar as possible, and in some cases from unpublished preliminary examinations by the District Engineers of the U. S. Engineers, which were beginning to become available in photostat form. In some instances rather early water supply papers by the U. S. G. S. were the only available published sources of data. Planimetering was used only as a last resort.

2. Since that time many preliminary examinations have been completed by District Engineers, and some committees will doubtless have access to these reports through their contacts with respective engineering offices. A few discrepancies between the area figures supplied the field by the Coordinating Committee and those in preliminary examinations by the Army are likely to appear. It is the wish of this Committee that recent reliable area figures be used wherever possible and that agreement and harmony with Army preliminary examinations in this respect be sought. Consequently, in cases of serious conflict give preference to and use the Army figures. Where changes are made please give reference to the source or authority in order that the origin of areas may be known.

Arthur C. Ringland,
Chairman,
Flood Control Coordinating Committee.
